## ABOUT OUR SENIOR STAFF

### CAPTAIN WOUTER VAN HOOGDALAM

Wouter was born in Groningen, Netherlands on July 22nd 1971. After High School he attended the Nautical Academy "Willem Barentsz" on the Island Terschelling following graduation in 1993. Subsequently he decided to continue studying and obtained a degree in "Management for Engineers" at the Noorderlijke Hogeschool Leeuwarden in 1994. During that same year he began his career at sea on the general cargo ships of Spliethoff's Bevrachtings Kantoor, Amsterdam. In 1999 Wouter continued his seagoing career with Holland America Line and joined the Nieuw Amsterdam as a 3rd Officer. He worked his way up through the ranks on all types of the Line's passenger vessels. In 2003, during his time on the ms Rotterdam, he met his wife, Femke, a former Guest Relations Manager. Together they have 2 daughters and 1 son. In their leisure time they like to travel and visit places that they have not seen before while sailing. When in Holland a lot of their time is spent on renovating their 19th century house along the canal in the old city center of Groningen. "Sailing for Holland America Line is a privilege and a pleasure. We have beautiful ships, an excellent crew and an enormous variety of itineraries."

## HOLLAND AMERICA LINE

In the early part of the 17th century, Henry Hudson set sail from Holland in a tiny ship called *de Halve Maen*. His long voyage across the Atlantic heralded the beginning of Dutch exploration and settlements in the New World. During this century's great era of Trans-Atlantic elegance, Holland America Line's beloved *Nieuw Amsterdam II* (1938-1973) came to represent all the luxury, magnificence and splendor of that time.
